2:45-3:00	Break w/ refreshments				
3:00-4:00	Sharing Session: Unix Systems Administration	Sharing Session: Cataloging & Acquisitions	Sharing Session: Circulation	Sharing Session: Serials	Sharing Session: Windows Systems Administration

10:45 AM

E-Reserves Custom Made will address the hardware, software, integration with SirsiDynix's Unicorn, cataloging issues and other work flow challenges, server usage, and patron and instructor satisfaction. Presentors: Virginia Allen, Library Systems Coordinator and Jon Tritsch, Cataloger, Lamar University, Gray Library in the Bush Room

Selective Deselection From Your Collection: Using the CREW Method for Weeding Weeding is a valuable part of a well balanced cycle of service. Enhance your library's reputation for reliability and being up-to-date. Learn about the CREW Method and how to make it work for you. Presenter: Margaret Weaver, Coordinator of Technical Services, New Mexico Junior College in the Reagan Room

Creating Training and Bibliographic Instruction Demonstrations with Adobe Captivate Are your PowerPoint presentations getting dull? Do they convey the information you intended? Do you need something better for training your distance learners? This introduction to the Adobe Captivate software will show how to create animated demos and interactive training to put some life into your presentations. Presenter: Merry Bortz, Head of Library Automation Services, Del Mar College in the Liberty Room

Ask SirsiDynix Ashley Vollmer, Systems Engineer will be available to answer software questions in the Board Room

1:30 PM

Cataloging Basics for System Administrators With the exception of the "accidental system administrator," those charged with maintaining most library systems come from outside the library environment and have little knowledge of how data records are created for library systems and how the system uses them. This presentation will help any system administrator understand what goes into making up MARC records, how they are created, how users use them, and implications for manipulation of the data in the record. Presenter: J. David Bavousett, System Administrator / Interim Coordinator, Abilene Library Consortium in the Clinton Room

Streamline Your Automated Ordering and Invoicing will examine streamlining the process for automated ordering and invoicing using the x12 and EDI, cataloging in-house using OCLC Connexion and 9XX bib loads from vendor's FTP sites, and drop shipping books to twenty locations fully cataloged and shelf-ready. Presenters: Yolanda McKnight, Technical Service Manager, Nancy Byrd, Technical Service Asst. Manager, and Debra Fruzia, Materials Planner from Austin Public Library in the Bush Room

Government Information in the 21st Century: Consumer Information Module When evaluating websites, it is vitally important that the content be useful, authoritative, current, and accessible. These requirements are easily met by

websites produced by the United States Government. Learn how to use Webjunction.org to gain access to these websites arranged by subject. Presenter: Margaret Weaver, Coordinator of Technical Services at New Mexico Junior College in the Reagan Room

eBook Bibloads and Authentication will cover the things you need to know when adding new ebooks to your catalog including batch upload choices, case study of handling item records, and authentication practices to restrict ebook use to your authorized users. Presenter: Merry Bortz, Head of Library Automation Services at Del Mar College in the Liberty Room

[Ask SirsiDynix](#) in the Board Room

3:00 PM

Sharing Sessions are open discussions of issues related to various Unicorn modules. Bring your questions and problems to seek answers and solutions from colleagues working on the same issues.

- **Unix Systems Administration**, Camille Beary, Moderator in the Clinton Rm
- **Cataloging & Acquisitions**, LadyJane Hickey, Moderator in the Bush Rm
- **Circulation**, Elizabeth Norman, Moderator in the Reagan Rm
- **Serials**, Janie Jones, Moderator in the Liberty Rm
- **Windows Systems Administration**, Tracy Holtman, Moderator in the Boardroom
